## 3N1 cart

### PRODUCT DESCRIPTION

The Convertible Utility Cart is a new material handling offer from Rubbermaid Commercial Products that provides solutions to common functional user challenges. Its highly innovative, patent pending design, bundles the multi-functional capabilities of a Heavy Duty Utility Cart and a Light Commercial Platform Truck into a single product, in order to meet the varied needs of the user.

Simple push button and foot pedal conversion points allow for effortless transformation. No parts or pins to remove means no risk of losing components. Conversion down to a fully collapsed state provides for easy transport and storage.

### Simple, Intuitive Conversion

Push Button

Foot Pedal

FEATURES	ADVANTAGES	BENEFITS
Multifunction Product (Utility Cart & Platform Truck)	The right product for the task at hand	Increased productivity
5" swivel casters (non-marking and rear locking)	Maneuverability and safety	Increased workplace safety
